Quick Start Guide
## for Mobile Rack Device Mounting Kit Blu-ray Mastering Edition

Congratulations on your purchase! With the installation of the Blu-ray Mastering Edition Mobile Rack Device Mounting Kit in your Echo™ Express III-R or xMac™ Pro Server, you can burn Blu-ray discs with, and connect two of your own 2.5" HDDs or SSDs, and one 3.5" drive to your computer. The instructions in this guide offer an overview of the steps necessary to install the kit and PCIe card to your Echo or xMac enclosure. Detailed instructions are contained in the user's guides you received in this package and with your Echo or xMac system.

Package Contents

One Mobile Rack Device Mounting Kit Assembly (bracket with attached power supply and fan, 3.5" drive cage, combo 2.5"/optical drive cage with Blu-ray burner)

Four eSATA-to-Internal SATA Cables

Mobile Rack Device Mounting Kit User's Guide

3.5" Hard Drive Cage User's Manual

2.5"/Optical Drive Cage Installation Guide

Package of Drive and Cage Mounting Screws, Key

Installation Overview

1. Remove the Mobile Rack Device Mounting Kit assembly, PCIe card package, cables, and hardware from the outer box.

2. Locate the cable passthrough opening next to the assembly's fan, and then remove the plastic grommet by pushing it out from inside the assembly.

3. Route the four SATA data cables through the cable passthrough opening, and then plug them into the drive cages' connectors:

   A. On the top device, connect one cable to each "PRI" port.
   B. On the top device, connect one cable to the "ODD" port.
   C. On the bottom device, connect the remaining cable to open port.

   Note that the connectors with the backward L-shaped opening connect to the drive cages.

4. Wrap the grommet around the cables, and then reinstall the grommet into the bracket.

5. Referring to the Mobile Rack Device Mounting Kit user's guide, install the assembly and the included PCIe card into your Echo Express III-R (Chapter III – Installation Steps, B – Echo Express III-R Kit Installation Steps).

6. Referring to the drive cage documentation, install your drives into the drive cages.
